Class outline,goal
In this class, the following objectives will be achieved through a play store event and children's festival. (1) To understand the characteristics of corrugated cardboard and to be able to create corrugated cardboard playground equipment that considers children's safety and the development of play. In addition, through the management of the events, they will enhance their sense of collaboration and practical skills. (2) To develop the ability to conduct child-centered education by examining how cardboard play equipment is accepted by children. (3) Acquire the knowledge and skills necessary to realize the " Expression" area.
Class plan
1. Making a product (corrugated fiberboard house) for a play store (1) <Characteristics of corrugated fiberboard, how to use tools, making the shape of the base>. 2. Making a product (corrugated fiberboard house) for a play store (2) <How to make a roof and windows and ensure safety>

3. Making a product (cardboard house) for a play store (3) <Thinking of a shape that reflects the child's play
4. Making products (cardboard houses) for a play store (4) <Making posts, chimneys, and counters>
5. Preparations for the "Play Store" event
6. Management of the play store event and the cardboard house making course
7. Review of the play store event and making cardboard playthings (kitchen and furniture) (1) <Researching and deciding what to produce>
8. Making cardboard playthings (kitchen & furniture) (2) <Making blueprints or miniatures>
9. Making cardboard playthings (kitchen & furniture) (3) <Making parts>
10. Making cardboard playground equipment (kitchen and furniture) ④ <assembling>
11. Preparing for the Children's Festival <Guide to play, making accessories to expand play>
12. Management of the Children's Festival
13. Review of the Children's Festival and the production using the electric thread saw (1) <Cutting>
14. Making with an electric thread saw (2) <Polishing>, Making demons with cardboard <Making parts and painting colors>
15. Making a demon using cardboard (2) <assembly>, class summary

Grading method

The goals of this course are to

- (1) understand the characteristics of corrugated cardboard to create safe playground equipment and manage events from a child's perspective.
- (2) be able to objectively verify production and practice, and to link this to the improvement of early childhood education.
- (3) understand how to study teaching materials in order to embody the area of "expression".

Assigned books

Course of study for Kindergarten, Childcare guideline, Guidelines for Education and Nursery Care at

Certified Childcare Centers, and Commentaries (Ministry of Education, Culture, Sports, Science and Technology, Ministry of Health, Labour and Welfare, and Cabinet Office) (latest edition)[Translated from Japanese.]

Hand out materials as needed.

Classroom equipment

None.

Advice on preparation and review

Preparation: Understand the purpose of the class and activities, and prepare the necessary materials (15 minutes).

Review: Reflect on the activities and record your learning (30 minutes)

Class rules

Students are required to participate in the " Play Store Event" scheduled for the last Sunday in October and the "Children's Festival " scheduled for the third Sunday in December.

Grading Criteria

Attitude toward the work and its creation (40/100): The work should be created with care and enthusiasm. Also, safety considerations have been taken into account. Understand the characteristics of materials and use them appropriately.

Class record (60/100): Students will use photographs and drawings to reflect on what they have experienced and learned, and use this as their own knowledge and skills.

Feedback method

The class record will be returned with comments.

Note

Based on your practical experience, visualize children's play in your classes.

Office hour

Mon/5, Thu/4

Improvements from the results of the previous year's class evaluation questionnaire

None.
